

European Microscopy Congress 2024

Copenhagen, Denmark, August 25 – 30, 2024

Following the postponement of an in-person EMC2020 due to the pandemic we have the pleasure to announce that EMC2024 will be held from Sunday 25th August to Friday 30th August 2024 in Copenhagen.

EMC2024 is the 17th of its kind and will bring the world of scientific imaging together in one of Europe's most beautiful cities - Copenhagen, Denmark.

Incorporating a balanced conference program of light and electron microscopy in both physical and life sciences - microscopists, manufacturers, and suppliers will come together to share new techniques, applications, and technology.

The EMC2024 will take place at **Bella Center, Center Boulevard 5, 2300 Copenhagen**, and features pre-congress workshops on Sunday 25th August and an opening reception. Monday the 26th, Eva Olsson will give the opening address followed by the first plenary. The day will continue with 6 parallel sessions and will close with drinks in the Poster and Exhibition area. The last day of the Congress will conclude with a farewell reception.

The exhibition is one the largest of its kind featuring more than 100 exhibitors and a Nordic Corner for smaller enterprises, start-ups and organizations. Please visit our website for more information on opportunities for exhibiting and sponsoring.

All details concerning registration, abstract submission, and deadlines can be found on the website www.emc2024.eu. Registration for the congress and abstract submission are open and there are still stands available for purchase.

Conference Topics

The congress will among other address a range of microscopy related subjects, including dynamic interactions in cells, organoids, tissue, and entire organisms, pathology, immunocytochemistry, and biomolecular labelling, volume electron microscopy in Life Sciences, semiconductors, heterostructures, and devices, quantum materials, advances in 3-dimensional image reconstruction, and new Instrumentation.

For information on program, abstract submission, exhibition, sponsorship opportunities, and conference venue, please visit the congress website.

Welcoming you to Copenhagen for the EMC2024 Congress and Exhibition, the EMC2024 Local Organizers

Klaus Qvortrup, Chair
CIFM, UCPH

Jacob Birkedal Wagner, Vice Chair
DTU NanoLab

Tracy Hong Lin
DTU NanoLab

Torben Tarp Jensen
Trade Rep, Tescan

Paul Kempen
DTU NanoLab
